**SWISS PRECISION
ENGINEERED COFFEE
SINCE 1933**

PRECISION & RELIABILITY

The key components inside the Brasil RSD Touch are all meticulously engineered in Switzerland.

“Swiss made” is a byword for attention to detail and reliability so you can be assured of making the perfect cup of coffee for years to come.

QUALITY CONTROL

Perfect extraction guaranteed by automatic adjustment of the grind and brewing times.

All the major working parts of the Brasil RSD Touch come with a lifetime guarantee*

FIRST CLASS SERVICE

With a substantial number of technical service engineers we provide superb nationwide technical response.

* Subject to agreement

WHATEVER YOUR TASTE WE HAVE THE PERFECT BLEND FOR YOU

Our premium organic coffee is perfect for your business. Available in 1kg bags or by the case, choose from 100% Arabica or an Arabica/Robusta blend.

All our coffee beans are 100% hand picked, individually roasted to produce a greater depth of flavour and carefully blended to ensure a top quality, consistent product, time after time.

Perfectly suited for use with the Brasil RSD Touch any of our beans will produce a barista standard coffee at the push of a button.
