INNOVATIVE SWISS COFFEE MAKING TECHNOLOGY

PRECISION & RELIABILITY

The key components inside the R42 are all meticulously engineered in Switzerland.

“Swiss made” is a byword for attention to detail and reliability so you can be assured of making the perfect cup of coffee for years to come.

SIMPLE TO USE

The R42 has been designed to be extremely easy to use, providing “best in cup” quality coffee via an intuitive touchscreen interface.

QUALITY CONTROL

Perfect extraction guaranteed by automatic adjustment of the grind and brewing times.

All the major working parts of the R42 come with a lifetime guarantee*

FIRST CLASS SERVICE

With a substantial number of technical service engineers we provide superb nationwide technical response.

* Subject to agreement

WHATEVER YOUR TASTE WE HAVE THE PERFECT BLEND FOR YOU

Our premium organic coffee is perfect for your business. Available in 1kg bags or by the case, choose from 100% Arabica or an Arabica/Robusta blend.

All our coffee beans are 100% hand picked, individually roasted to produce a greater depth of flavour and carefully blended to ensure a top quality, consistent product, time after time.

Perfectly suited for use with the R42 any of our beans will produce a barista standard coffee all at just the push of a button.

A WORD FROM ONE OF OUR CUSTOMERS

We operate eight extremely busy catering sites in and around London, all of them using rijo42 equipment, their service team are friendly, efficient and extremely helpful.

**I have no hesitation
in recommending rijo42 to
any large or small business.**

We have very few issues with this side of our business and if we do they are dealt with promptly.

I have no hesitation in recommending rijo42 to any large or small business, especially a catering operation like ourselves.
